## Grant Moseley Permit To Read His Statement

### Provision It Be Confined To Own Opinions

WASHINGTON, June 1.—(P)—Major General George Van Horn Moseley, retired, told a congressional committee today that while he disliked some of Chancellor Hitler's methods, he approved his restoration of control of Germany to "the hands of the German people."

Testifying before the house committee investigating un-Americanism at a hearing prosaic in contrast to yesterday's turbulent five-hour session, the ruddy former commander of the Fourth Army Corps said Hitler had "solved the racial problem" as well as the problems of international finance and trade.

In a letter to James E. Campbell, Owensboro, Ky., reserve officer, Moseley said:

"While I don't agree with him on some things, some of his remarks were most reassuring."

Moseley was interrogated about a letter written by Campbell to George Deatherage at St. Albans, W. Va., national commander of the Knights of the White Camellia, in which the former advocated government of this country by military courts. Asked if he agreed with such a plan, Moseley said:

"Oh, no—well, why not?"

Refers To "Jewish Courts"

"They've got Jewish courts—it might be a good thing to pair them off."

Pressed for an explanation of what he meant by Jewish courts, Moseley said "courts appointed by organized jewry—not 'y' the United States government."

He showed the committee a newspaper picture which he said was published May 10 in the Atlanta (Ga.) Journal depicting a scene in what was described as "the first Jewish court of justice" in the United States. Description accompanying the picture said the court was a rabbinical tribunal in New York City which handled civil cases which the litigants agreed would have legal standing as well as religious cases based on Jewish religious law.

WASHINGTON, June 1.—(P)—A mysterious aide of Major General George Van Horn Moseley declined today to let the retired army officer drink water from a water supply provided for witnesses before the house committee on un-American activities.

This incident occurred after the general, beginning his second day of testimony on Communist and anti-Communist activities, asked Rheo Whitley, committee counsel, whether he would "guarantee" the water supply.

The aide, who refused to identify himself to newsmen, warned the general, "Don't touch it."

"I'll get you paper cups," he said.

He took a partly filled glass from the table before Moseley and carried it to a water cooler in the corner where he refilled it.

The occurrence escaped the attention of most of the audience, which was largely composed of brightly gowned women, many of whom had apparently come pre-

(Please turn to page 6 column 8)

## Age Assistance Checks Mailed

JEFFERSON CITY, June 1.—(P)—The Social Security Commission mailed June old age assistance checks averaging 18.77, an increase of 6 cents over May, to 75,896 Missourians today.

The June assistance rolls showed a gain of 370 over the preceding month. Total payments were \$1,424,706 compared with \$1,413,224 in May.

With one-quarter of the 1939-40 biennium completed, the commission has spent \$4,222,972 for old age grants or 21.6 per cent of the 19,500,000 carried in the house-approved social security bill for the two years.

However, the rate of expenditure will increase after January 1, 1940, when the reduction in the age limit from 70 to 65 takes place.

The assistance rolls have varied only about 1,000 in the first six months of 1939, despite the changes made early in the legislative session designed to tighten the social security laws in compliance with federal demands. There were 74,821 recipients in January.

June recipients and payments by counties included:

Boone \$93, \$15,333; Buchanan, 1,882, \$36,159; Butler 593, \$10,796; Cape Girardeau 542, \$8,442; Cole 389, \$7,101; Greene 2,078, \$43,610; Grundy 515, \$8,816; Jackson 7,557, \$159,892; Jasper 2,284, \$47,706; Livingston 627, \$11,148; Marion 846, \$14,320; Nodaway 711, \$14,057; Pettis 1,098, \$23,302; Randolph 904, \$16,731; St. Louis City, 7,975, \$17,455; St. Louis County 1,949, \$35,905; Vernon 854, \$17,473.

## Police Bill Is Still Delayed

JEFFERSON CITY, June 1.—(P)—The prospect of floor consideration of the Kansas City police bill this week glimmered today at the flag end of a calendar slowly working its way through an unheated senate.

Five other house-approved bills preceded the police bill on the senate formal calendar, but the informal calendar was loaded with measures ready for consideration—among them the debate-provoking sales tax bill.

Should the upper chamber continue at its bill-a-day pace there is little or no prospect for the proposal to place the Kansas City police department under a state board to reach the floor this week. Sponsors have indicated they would make no effort to lift the bill out of its regular order of business.

Only a floor objection can prevent a senator from dipping into the informal calendar to bring up any of the many bills slumbering there. Such excursions into the informal calendar—and they have been the rule this week—hold the police bill dormant at its present station at the foot of the regular calendar.

## Watkins Be Liberated On Parole Friday

### Has Been In A Federal Hospital At Springfield

SPRINGFIELD, Mo., June 1.—(P)—James J. Watkins, of Sedalia, serving a sentence in the federal hospital here for conspiracy to defraud the government in connection with the embezzlement of WPA funds, will leave the hospital tomorrow on parole, a hospital official said today.

Watkins, a former WPA supervisor was sentenced to a year and a day in the Leavenworth federal penitentiary early last December in federal court in Jefferson City, for defrauding the government. At that time, a prior \$1,000 fine and sentence of two years in criminal gas to investigate.

Some Be Disfigured

"The worst part of this is that some of the little girls probably will be disfigured for life," said a workman who aided in the rescue work.

Fire Chief Claude Witwer said evidence indicated gas accumulated in the basement from a lead near the building's foundation.

The janitor, who said he had been burning paper in the base-

(Please turn to page 6 column 4)

## Business Men To White House

WASHINGTON, June 1.—(P)—President Roosevelt will meet with nine big businessmen for discussion of economic problems at the White House tonight.

Watkins was originally sent to the penitentiary at Leavenworth, Kas., and later transferred to Springfield. He will return to Sedalia, it is said, on his release.

## States Can Get Together

## If They Will

People who deplore the extension of federal power usually have trouble in answering the question: "Well, who's going to take care of those things which affect two or more states, if not the federal government?"

Offhand, one might say there was no other answer. But there is. And gradually the states are finding it in the technique of interstate agreements and joint operations.

Compacts to control sewage flow in four of the country's major river basins have either been approved or are pending today among 16 states and the District of Columbia. The Council of State Governments, that invaluable agency which is working to co-ordinate the work of states in legislative and administrative problems, reports that the valleys of the Ohio, Delaware, Potomac and Red River of the North are the major rivers affected.

Each flows through territory in many states. Clearly, each state has rights and interests. None can be selfish about its river-control measures without affecting the others. They might have all stepped aside and asked the federal government to take charge. But they did not.

Instead, they got together. Nine states are included, for instance, in the Ohio River Valley Water Sanitation compact. Indiana and West Virginia have ratified the agreement. It is pending in Illinois, New York, and Pennsylvania. Ohio, Kentucky, Tennessee and Virginia are the other states affected. The agreement becomes operative when five states have ratified.

North and South Dakota and Minnesota have approved a compact for pollution and conservancy control of the Red River of the North. The Delaware basin is already under the joint control of New York, New Jersey, Pennsylvania and Delaware.

For many years the Port of New York Authority, a joint creation of New York and New Jersey, has handled a vast business in connection with navigation between these states, and handled it effectively and well. It is gradually "paying out" both states on the money they entrusted to it.

Possibly one reason for federal "encroachment" on such fields is the general helplessness of the states themselves. They forget their sovereignty except for oratorical purposes.

It is when states step up and demonstrate their ability to grapple with their problems that the cry for federal aid dies down.

Elsa Maxwell plays a role in a movie, but directors are keeping their fingers crossed. They're afraid that, at any minute during shooting of a scene, Elsa will break loose and throw a party.

The Detroit Tigers haven't been doing so well. Apparently that trade with the Browns was just to make them feel natural near the bottom.

John Roosevelt defines business thus: "A hope and a prayer that you can sell something for more than you pay for it." He omitted the equally important "Get more than you work for."

Ireland is giving tourists "mystery trips" out of Dublin this summer. The traveler gets in a bus without knowing where he is going. All he's sure of is that the driver's name begins with an "O."

## Appreciated Words

The world is full of hatred today, and it is seldom that anyone in one of the "authoritarian" countries has a decent word to say for anything in one of the "democratic" countries, or vice versa. Communication between these two segments of the world today is pretty well restricted to mutual abuse.

Thus is it pleasant to record that at least two German newspapers were generous in their praise of the rescue of the living members of the crew of the *Squalus*. ". . . a feat of seamanship which deserves universal acclaim," said the *Borsen Zeitung*, and ". . . among the most impressive peace-time accomplishments of the U. S. Navy," said the *Allgemeine Zeitung*.

Bravery and heroism are beyond nationality or political bounds. So, too, should be their recognition.

For these tributes, thanks, and a resolution to be no less generous ourselves when occasion offers. A little more of this courteous and decent spirit would not hurt an embittered world.

## Duke Plays 'Low-Down'

Jazz musicians have a term for a certain style of performance which they call "low-down." We wouldn't know exactly what that is, but it must be the style adopted by Duke Ellington when he played recently in the *Palais de Chaillot* in Paris.

For the stage of the *Palais* is 100 feet underground. It's built as a bomb-proof against the day when Parisians may have to huddle there to get what diversion they can while the bombers soar and zoom overhead.

It is said that way back in the primeval days when man first began to stand erect, his first shelter was in caves he found among the rocks. And now after all the flowering of Egypt and Greece and Rome and France and England and the arrival in the very age of science itself, man descends once more into his cave and cowers from the *Frankenstein* of his own building.

John Lewis and Bill Green will both attend Washington's garden party for the king and queen. Three guesses what one will be holding back while the other does a bow.

An 8-year-old kid who made a hole-in-one at golf is named Peter Toogood. Yes, he is.

## So They Say

It seems unfortunate that antipathy toward the administration should restrain business leaders from benefiting themselves as well as society as a whole.—G. Ogden Trenchard of Economics Statistics, Inc.

\* \* \*

Phooey on the governor. It's no fair to care people.—Joseph Gailey, 9, of York, Pa., commenting on new anti-fireworks law.

\* \* \*

Life is a great adventure, and everyone of you can be a pioneer, blazing by thought and service a trail to better things.—King George VI, at Winnipeg.

\* \* \*

Our spending program has produced, not recovery, but paralysis and fear.—Lammot Dupont.

\* \* \*

Presbyterians and Episcopalians have fought each other in the past but they have fought as brothers.—Bishop Beverly Dandridge Tucker of the Episcopal Diocese of Ohio.

## Looking Backward

Forty Years Ago

The Mutual Building and Loan association Wednesday night elected the following directors to serve for the ensuing year: Henry W. Meuschke, Charles E. Newell, Charles Hoffman, P. G. Stafford, W. A. Fast, R. F. Harris and W. M. Johns.

\* \* \*

G. W. Rhodes, of the livestock firm of Durrell and Rhodes, who has been in the city of Mexico with a shipment of horses, Jacks and cows for three months, has returned home.

\* \* \*

Two handsome banners are on exhibition at E. E. Johnston's Ohio street clothing store, to be awarded at the Sunday school festival at Liberty park next Tuesday.

\* \* \*

G. E. Lowe and J. W. Derrick of Sutton Codfield, England, are the guests of F. A. Sampson and family and Mrs. John Evans, respectively. Mr. Derrick is a brother of Mrs. Evans.

and state authorities.

The "front money" racket is an outgrowth of depression finance. It results from the fact that banks are reluctant to take chances and make loans, so small businessmen find themselves hard put to obtain needed funds. The RFC has power to aid, but has been almost as tight-fisted as the banks.

Result is that smooth-talking swindlers have used this to their own crooked ends. They have approached hard-pressed small businessmen, claiming to have powerful brokerage connections and influence with the SEC, and offer to float stock issues for an advance payment. These sums have been as low as \$250 or as high as \$10,000.

Of course they never produce and the businessmen, fearful of adverse publicity, keep silent. Or if they do complain, they are told that the brokers who were to handle the stock flotation turned it down. Evidence uncovered by the SEC implicates not only the crooked promoters but a number of shyster lawyers and brokers.

Some of the swindlers offer their services in advertisements. Others seek victims through the mails. Sometimes the racketeers even offer to take a block of stock, but when the showdown comes the businessman discovers that the agreement is so worded as to be useless.

## Merry-Go-Round

Justice Bill Douglas talked for an hour to Randolph Paul, well-known tax expert, trying to persuade him to become Assistant Attorney General in charge of taxes. Douglas believes it is the duty of businessmen to serve a time in the Government. Fiorello La Guardia can be Mayor of New York just about as long as he wants to, but has his heart set someday on becoming a U. S. Senator. Remark attributed to Mayor Hague of Jersey City after the conviction of Jimmy Hines of Tammany and Pendleton of Kansas City: "These Democrats is falling like flies."

It may or may not be significant, but it's a tough job these days to get the complete files of Senator Sheppard's Primary Purge Committee. They are locked up, and the committee doesn't seem anxious to have them reopened. It is not supposed to be known, but William Leiserson waited several weeks before accepting Roosevelt's offer of a job on the National Labor Relations Board. His friends on the National Mediation Board (for railroad disputes) didn't want to lose him. Leiserson has

promised to return to the Mediation Board someday. One of the campaign letters and pledge cards being sent out over the country by the "Texas Garner-for-President Committee" was received by John P. Davis, secretary of the National Negro Congress, who was very irate because the Vice President had refused to attend the Marian Anderson concert.

## Highway Maintenance Building At Stover

STOVER, June 1 — The construction of a highway maintenance building on highway 52 was started here recently and the foundation for the building was completed early this week by a force of six men.

The building will measure 30 by 45 feet. F. B. Kenney of Jefferson City, is supervising the work. The building will be a wood-frame structure.

She was feeling high; more like the days of '29.

"You're late," said the Duke.

"I've been to a cocktail party, looking up customers."

"Sh-h, here come two now."

With narrowed eyes, Martin watched the couple. The girl was fresh, vivacious and well-dressed. The grace of her prettily curved body showed through the sheer folds of a clinging scarlet chiffon. Her fluffy brown hair was piled in soft curls on top of her small head and there was frank curiosity in her blue eyes as she looked straight at the Duke.

"There's the man I want to meet," he heard her tell Tuckie.

The boy, more reserved, was tall and muscular and looked as if he stroked the Harvard crew.

Blond hair was slicked back from a bronzed forehead. A rebellious expression about his determined mouth showed he didn't like night clubs. There was content in his gray eyes.

Tuckie, chattering constantly, led the pair over to the Duke.

"Miss Shirley, I want you to meet Mr. Martin. Be careful. He's dangerous."

The Duke held out a hand to the boy. "Don't be so raw."

"Tuckie, this is Mr. Martin. Be careful."

"I'm sure of that," said Jack easily. "Glad to meet you, Martin. Your place has become quite a town institution. I see it was mentioned in the Gazette tonight."

"That so?" drawled Martin. "I haven't read any late papers."

"Oh, the Duke is famous," babbled Tuckie. "And so is the Duke."

"Just how was the Duke mentioned?" inquired Martin.

"Mary Franklin said that Janice French was last seen here; Thursday, I believe. She committed suicide, didn't she?"

"What?" Tuckie's face whitened. A nudge from Martin discouraged questions. "I'm so busy, I never have a chance to read the papers. Poor Janice. Where's the funeral? I must go. Everybody will be there. She had so many friends."

## Wide Range As Wheat Declines

CHICAGO, June 1.—(AP)—Wheat values fluctuated within a wide range today, rising almost a cent but then falling back below Wednesday's closing level. Early in the session July wheat equaled its 1939 high of 79 1/4c.

Official reports indicating crop deterioration in the winter wheat belt has been checked and predictions of showery and cooler weather over most of the grain producing territory encouraged profit taking.

Wheat closed 3/4 to 1 1/2 cent lower than yesterday, July 78 1/4c to 78c.

## Stocks Decline

## In Day's Deals

NEW YORK, June 1.—(AP)—With

few exceptions, leading stocks drifted with a receding current in today's market and, at the worst, losses ran to 2 or more points.

Prices, generally touched bottom in

the forenoon. Mild buying support came in occasionally and, at the close, extreme declines were cut substantially in many cases.

At no time was the ticker tape ever forced to speed up and transfers for the five hours were in the

neighborhood of 650,000 shares, about the same as yesterday.

Brokers found nothing outstanding in the news on which to blame the day's set-back. Most were disposed to attribute it mainly to light selling by speculative forces which felt that, in view of the lengthy upturn, the list was entitled to a siesta in order to reaccumulate energy for another forward push if this is in the program.

On Monday, Morgenthau said, he will announce an offer of a new five-year note to the holders of \$426,554,600 worth of one and three-eighths per cent treasury notes which mature September 15.

The interest rate on the new notes will not be disclosed until Monday morning, but Morgenthau said it would be the lowest for a comparable security ever offered by the treasury.

Scores of Tulsans were awakened shortly before 2 A. M. by a tremor one observer said lasted "six or seven seconds." It was noticeable in apartment buildings and upper floors of houses.

A shock in Okmulgee, of sufficient intensity to rattle windows, was reported to have lasted ten minutes. Muskogee and Holdenville also felt the quake. A Holdenville police sergeant said it shoved his desk about six inches.

The last tremor in Oklahoma was in September, 1938, when Missouri, Arkansas and Tennessee also recorded light shocks.

## New Treasury Notes Be Offered

WASHINGTON, June 1.—(AP)—

Secretary Morgenthau announced today the treasury will borrow no "new money" this summer, but will refund a note issue coming due in September.

The treasury head said the \$2,264,760,293 cash working balance

## White Leghorn PULETS

IMMEDIATE DELIVERY

RICE LEGHORN FARM

Green Ridge, Mo.

in the treasury was sufficient to meet the difference between expenditures and income at least until the next regular financing date which is September 15.

On Monday, Morgenthau said, he will announce an offer of a new five-year note to the holders of \$426,554,600 worth of one and three-eighths per cent treasury notes which mature September 15.

The interest rate on the new notes will not be disclosed until Monday morning, but Morgenthau said it would be the lowest for a comparable security ever offered by the treasury.

Discussing the reasons why additional cash would not be borrowed this month to pay governmental operating expenses, the secretary said the word "ample" in his description of the treasury's present cash resources should be "underlined."

## Dance Sponsored By PTA Friday

The Parent-Teachers Association of Smith-Cotton high school are holding another dance for the students of the high school to be held at the Convention hall, Liberty Park, at 8:30 o'clock Friday night.

The dance is strictly for the students of Smith-Cotton and outsiders attending must be accompanied by a student.

The dance is one of a series sponsored by the P. T. A. for the high school students.

## Hold on Charge of Driving While Intoxicated

Jimmy Burns, arrested by the police, this morning appeared before Judge C. W. Bente, sitting as ex-officio justice of the peace and waived his hearing on a charge of driving a car while intoxicated.

Burns was bound over to the action of the June term of criminal court and is being held in the county jail in default of bond.

The party bound over is not the Jimmy Burns employed at the E. H. Milton Grocery.

Under favorable conditions, an airplane can be seen at 10,000 to 15,000 feet altitude.

## Night Baseball Opens At Park Tonight

### First Night Game In Sedalia Between K C Firemen-Merchants

Night baseball in Sedalia will be officially opened at 8:15 o'clock tonight when the Kansas City Firemen will meet the Sedalia Merchants in their second conflict of the season. The game will be played under the lights at Liberty Park.

The game tonight will be one where the Merchants will seek revenge on the defeat handed them earlier in the season in a Sunday afternoon affair. The same lineup by the Firemen last May will be on the mound against the Merchants.

Manager Siegel announced he would start Al Schrick on the mound and probably keep him there regardless what occurred. Schrick, it will be remembered was "pulled" in the first meeting of the two teams, resulting in Firemen getting away.

Manager Siegel is giving the Merchants rookie a try at third base, in Jim Taylor. Taylor although a youngster has been displaying some nice hitting, and has been doing a good job of fielding.

The outfield has not been fully decided upon at the present time. Several changes and switches will probably be made in the three positions. Just what changes will be made will not be announced until game time.

The tentative lineup for the Merchants will be: Schrick, pitch, Summers, catch, Livengood, first base, Lobaugh, second base, Taylor at third, Light, shortstop, with the outfield to be picked from Zey, Barnes, Carver, Kaullen, Slayton, Overfelt and Walker.

Kansas City's lineup will be practically the same with Mollack at shortstop, Haire center field, Wicklund third base, George right field, Schieber second base, Pullins left field, Mangen first base, Roller catch and O'Connor on the mound.

Rugen will be behind the

mound as the "ump."

## • The Sport Roundup

By Eddie Bresitz

NEW YORK, June 1.—(P)—Title Tattle: Patty Berg heads east soon to play an exhibition with Virginia Guilfoil, the Syracuse gal who is liable to be the Red Head's biggest headache in the summer tournaments. . . . Feed Box Special: Nova over Baer in 15 rounds tonight (if he doesn't cut Max so badly they have to stop the fight). . . . We can prove addicts are coming all the way from Newark to see the Dodgers play.

#### Summer Style Hint

The National League has decked its umps out in summer ensembles of white duck pants with blue coats and caps to match. . . . The same look like they are going to a sophomore prom.

#### Galloping Poll

In a straw vote cast by twenty-one sports writers, Nova wins, 13 to 8. . . . Four ace New York sports writers are rehearsing day and night to give that fifty Philadelphia sportscaster some four-star competition. . . . John A. Heydler, former president of the National League, is giving the club with the fewest broken arms and legs, will win the bunting. . . . The columnists here say Jack Dempsey is all set to follow Heywood Broun and embrace the Catholic faith. . . . Tony Lazzeri is with the Giants, but the Dodgers still use Lazzeri model bats.

#### "Heaven Can Wait."

One of the Gant farm hands, a third baseman named Ramsey on the Clinton, Iowa, club, is hitting a cool .700 and wonders what he is doing wrong up there at the platter. Somebody ought to tell him, that.

#### Joe College Department

One reason Southern California dominates the I. C. 4-A meets is that the Trojans rehearse all the year around. . . . Tom Ananich, St. John's college giant southpaw, worked out with the Dodgers, but signed with the Yanks, reportedly for a \$2,500 bonus. . . . (Yanks also are said to have snagged Hank Bowery, the Fordham ace). . . . Porter Vaughan, U. of Richmond pitching star, who can name his big league club, probably will sign with the one agreeing to take Catcher "Stukie" Jenkins, the other hand of the Spiders' celebrated home run battery.

#### Fort Worth Wins

FORT WORTH, Tex., June 1.—(P)—Fort Worth and Oklahoma City of the Texas League battled for four hours and 26 minutes here last night before Fort Worth put over a run in the last of the 20th inning to edge out the Oklahomans, 4 to 3.

Ray Starr, obtained by Fort Worth last week from Nashville of the Southern Association, hurled the last 18½ innings, out-pitching the veterans Jack Brillheart, Wilcy Moore and Ash Hillin.

By winning, Fort Worth shoved Oklahoma City into the second division in the league standings and took over fourth place.

## Clothiers Win From Jeff City

### All-Stars Defeated By Sedalia Club 10-2; Hyatt Allows 2 Hits

The Rosenthal Clothiers Wednesday night defeated the Jefferson City All-Stars at the Capitol City by a 10 to 2 score in a game which proved very effective for the Sedalians.

Bergman, star hurler of the All-Stars was knocked from the mound in the fifth inning by the Clothiers. It will be remembered Bergman is the southpaw who hurled for the Jefferson City Boosters here last season and was considered one of the outstanding pitchers of the state softball.

Hyatt pitching for the Clothiers had plenty of good support and the sphere over the plate fearing not the All-Stars. His fast ball worked to perfection and the Jefferson City players were unable to grab hold of only two which went for hits.

The All-Stars defeated the Mokins, 1938 softball champions last season and with the victory are confident they will be considered among the favorites in softball this season over the state.

Sunday the Clothiers go to Brookfield for a game.

## Society and Clubs

The meeting of Garden Circle No. 5 to be held Friday at the home of Mrs. Glenn Boyd will start with a 1 o'clock dessert instead of a covered dish luncheon as previously planned.

Mary Elizabeth Morley, daughter of Mr. and Mrs. Fred Morley, 418 East Third street, was hostess at an 11:30 o'clock chicken and ham dinner Wednesday at her home. The occasion was the celebration of her seventh birthday anniversary.

The guests were Dorothy Connley, Patricia Denny, Virginia Lang, Mary Lou Worley, Ralph Worley, Otto Boss, Beverly Ann Wooster, Billy Johnson and Jean Lindsey.

Mary Elizabeth and her guests are classmates at St. Patrick's school.

## Church Events

The ladies aid society of the Broadway Presbyterian church will have an all day meeting Friday, June 2, in the social service building.

## Miss Millburn Weds Rev. Moore

A very pretty home wedding was that of Rev. Woodrow H. Moore and Mary Ruth Millburn, which occurred at the home of the bride's parents, Mr. and Mrs. Golden Millburn on Tuesday evening at 7:30, o'clock at Clarksburg. The attendants were Gladys Donley and Denzil Albin, Rev. Joe S. Laws, pastor of Clarksburg Baptist church performing the marriage ceremony.

The bride wore a sheer navy blue marquise dress with white accessories, and carried a bouquet of lovely white tea roses. The bridesmaid wore a navy blue marquise, with delicate pink accessories, and carried a bouquet of pink roses.

The groom and best man were attired in light gray suits.

The bride is a charming and attractive young lady of many lovable traits. She graduated from Clarksburg high school in the class of '38.

The groom is one among our best consecrated young Baptist ministers. He is a graduate of S. W. B. C. at Bolivar, Mo., and last term of school was spent at Liberty, Mo., in William Jewell College. He plans to attend William Jewell College next term also.

After the marriage ceremony, delicious refreshments of ice cream, angel food and chocolate cake were served. The rooms were decorated with lovely bouquets of cut flowers.

Only a few close relatives and friends were present at the marriage.

On Wednesday morning, the bridal couple left for Doniphan, Mo., where they will visit the groom's parents a few days, then Rev. Moore will return to his usual church duties having full time preaching at different churches in the western part of the state.

## Meet By Circle Of GAR Ladies

Charles M. Kooch Circle 77, Ladies of the G. A. R. met in all day session Wednesday, May 31.

At noon a repast was enjoyed by all.

In the afternoon, Mrs. Amanda Hargis of Springfield, national organizer for Missouri, also a past department president, instructed the circle in the ritualistic work. Five new candidates were adopted. Four from LaMonte and one from Clinton.

Mrs. Caroline Kooch was honored by choosing her as mother of the circle.

The next meeting will be held in July, the time to be decided later. The charter will still be open for a short time for all those who are eligible to join and care to do so.

## FLUSH KIDNEYS OF EXCESS ACID AND POISONS -- GAIN IN HEALTH

## Stop Getting Up Nights—Be Happier—Live Longer

## 35 CENTS PROVES IT

That dragged out feeling may mean that your kidneys are inactive and distressed—persistent backache, nervousness and dizzy spells may mean the same thing.

Good active kidneys relieving the body of excess acid and poisons are what we all should strive to attain and when kidneys and bladder are distressed—

A good safe effective diuretic such as GOLD MEDAL Haarlem Oil Capsules is called for—so if you have to

## Local Business Conditions Are Bright

## Predicts Increased Business Through Newspaper Ads

The Sedalia Packing Company last evening held a meeting of all salesmen at the company's offices at 720 West Main street. The meeting was addressed by E. B. Merritt, a representative of the Minneapolis Brewing Company, who outlined to the assembled salesmen the new advertising plans for Grain Belt beer.

The meeting was presided over by A. A. Farrell of the Sedalia Packing Company.

The columns of the Sedalia Democrat—Capital will form the backbone of the local campaign for Grain Belt beer.

"We have found newspaper advertising the most effective means of reaching the public today," E. B. Merritt said.

"With newspaper advertising, we can spot our advertising where we want it, in those markets where business conditions are good. We find business in and around Sedalia very bright, compared to the country as a whole, and for this reason we are planning to spend a considerable amount of money here in Sedalia in local advertising."

"The Minneapolis Brewing Company believes in spending money where they obtain it, and we are pleased to announce this aggressive campaign."

"We look forward to increased business generally throughout this vicinity and we are more than pleased to make our contribution to increased business activity by this local expenditure."

Attended Demonstration

Misses Virginia Rose and Naomi Lewis are from Kansas City where on Wednesday night they attended a demonstration of beauty supply equipment and lotions.

The groom and best man were attired in light gray suits.

The bride is a charming and attractive young lady of many lovable traits. She graduated from Clarksburg high school in the class of '38.

The groom is one among our best consecrated young Baptist ministers. He is a graduate of S. W. B. C. at Bolivar, Mo., and last term of school was spent at Liberty, Mo., in William Jewell College. He plans to attend William Jewell College next term also.

**Grant Moseley Permit To Read His Statement**  
(Continued From Page One)

pared to take notes on the general's testimony.

**No Immediate Explanation**

The incident was without immediate explanation but it recalled to some present at the hearing that on at least one previous occasion the general had been in fear of his life.

In the file of his correspondence collected by the committee was a letter he wrote a friend some months ago saying he might be "bumped off" on a western trip.

The general took to the committee room a statement on what he thinks about the "Communist emergency" in the country.

After refusing yesterday to let the former army corps commander read a prepared statement, the committee finally consented to let him do so provided it was confined to "facts and your own opinions."

Rep. Healey (D-Mass.), acting chairman of the committee, asked Moseley to go over the statement with his attorney to see that it conformed to the committee's specifications. Healey told reporters he felt the committee would have to "take a chance" that the general had complied.

"Whom are you trying to protect?" the general demanded, when the committee sought to define what he could include in the statement. "I will accept full responsibility."

"That's not the proper attitude to take," Healey admonished him, adding that the committee intended to "spend a lot of time, with you, general."

**Boisterous Session**

During yesterday's frequently boisterous session, Moseley told the committee:

The president should free the army's hands so that it could combat Communism.

Communists are plotting to change the existing form of government, the German-American Bund's sole mission is to "see to it that the Jews do not take over to organized Jewry controlling this country," and Jews control many Communist groups in the United States.

Jews control many Communist groups in the United States. Moseley denied vehemently, however, harboring anti-Semitic prejudices.

"I'm for the patriotic Jew as much as I am for anyone," he said, "but I'm also just as much opposed this country."

Lounging at a big mahogany table — the object of a couple of hundred pairs of eyes — the long, spare general accompanied his remarks with flourishes of his ringed left hand. Occasionally he pointed with his forefinger or clasped and unclasped his hands.

Behind his deep tan, his blue eyes appear very pale — his high forehead is speckled with high lights — his blond hair is almost gray — he wears glasses and has big ears — his mouth is small and he purses it a lot.

He wears well-tailored clothes, soft pastel shirts with socks to match, and ties full of design and color.

Testimony was developed by the committee to show numerous self-styled patriotic organizations were seeking to have Moseley assume their leadership and unite them in a campaign against what he called the "disease of Communism." He declared emphatically, however, he had consistently declined such offers.

Shown excerpts from speeches he had made in various cities since his retirement last fall and in which he criticized Jews, Moseley said:

"No one has ever written me challenging the accuracy of my statements."

Moseley criticized President Roosevelt for not letting the army investigate subversive activities. He asserted the first thing he would do if he were in the white house would be to remove these restrictions and "fire every Communist in the employ of the government."

The Communistic menace, he declared, could be "handled in five minutes from the white house."

**Parents of a Son**

Mr. and Mrs. Howard Rodewald of Rolla, Mo., are parents of a son, born at the Bothwell hospital Thursday, June 1, weighing 8½ pounds. The new arrival has been named William Howard Rodewald.

Mrs. Rodewald is the daughter of Mr. and Mrs. P. K. Faust, 319 East Fourteenth street.

This is the first boy born in the family on Mrs. Rodewald's mother's side for 61 years.

**KIDNEYS MUST REMOVE EXCESS ACIDS**

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acid waste in your blood, 15 miles of kidney tubes may be overworked. These filters and tubes are working day and night to help Nature rid your system of poisonous waste.

When functional kidney disorder permits poisonous wastes to remain in the body, they may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. If you are a smoker and drinker, there may be something wrong with your kidneys or bladder.

Kidneys may need the help of some bowel movements to flush out wastes. You may be constipated for over 40 years.

They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

**Set Middle Of Month For End To Congress**

**Only Neutrality Legislation Is Now In The Way**

By D. HAROLD OLIVER  
WASHINGTON, June 1.—(AP)—

Democratic and Republican congressional leaders agreed today neutrality legislation alone stands in the way of adjournment by July 15.

Democratic chieftains concentrated on four major items aside from the regular appropriations bills:

1. Corporate tax revision, which the house ways and means committee will take up again tomorrow.

2. Relief appropriations for the next fiscal year, awaiting action by a house appropriations subcommittee.

3. Amendments liberalizing the Social Security Act, on which the ways and means committee has nearly completed action.

4. Railroad aid bills, awaiting final action by both houses.

One informed senator said President Roosevelt told legislative leaders yesterday he would like to have the neutrality law revised at this session, but early adjournment would be preferable to a long-drawn fight.

Democratic leaders said they believed the four-point program could be enacted by mid-July, but conceded a possible filibuster would confront efforts to enact the administration proposal on neutrality powers.

The house foreign affairs committee was called into a closed session today to consider Secretary Hull's neutrality program. Some leaders said there was considerable doubt whether any changes would be approved. The senate foreign relations committee yesterday put off until June 14 a decision on when to consider the Hull program.

**Some Express Views**

Some opponents of the administration plan would prefer no neutrality bill at all to the Hull proposal, since failure to act at this session would leave in effect the existing mandatory arms embargo.

Senator Borah (R-Idaho), a leader of this group, said:

"Before they talk about adjourning the best thing to do is to find out what kind of a bill we are going to have on neutrality. We've been calling these things neutrality but we haven't considered a neutrality bill yet."

Senator Nye (R-ND), another advocate of strict neutrality legislation, predicted defeat for the Hull program.

Democratic leaders hope to put through at an early date the river and harbors and other civil items in the war department supply bill, a measure increasing the \$30,000,000,000 limit on the government's bonded indebtedness to \$45,000,000,000, and the agriculture department bill with its \$338,000,000 of controversial farm parity and surplus crop removal funds.

A house-approved bill extending for two years the President's power to revalue the dollar and the life of the \$2,000,000,000 stabilization fund is tied up in a Senate banking subcommittee.

Among scores of bills which probably will go until next session are the proposed Wagner Labor Act amendments, a bill to increase federal payments to cotton farmers, a bill providing federal aid to the states for education, and a proposal to draft private funds in war time.

**Brief Rest For King And Queen**

By Frank H. King  
JASPER, Alta., June 1.—(AP)—

King George and Queen Elizabeth will rest for 24 hours on top of the Canadian Rockies where 2,400 square miles of the world's largest national park spread over glacial grandeur unlike anything on the continent.

From the Pacific shores where Vancouver and Victoria completed the tribute of homage and fealty of the trans-Canadian trip, the British sovereigns moved back to the royal train for the return trip via Jasper National park over a route to the north of the westward journey.

Few stops will be made between Ontario and Alberta, enroute to Washington and New York. Edmonton, capital of Alberta, will entertain her sovereigns six hours on Friday and Saskatoon will have a two-hour visit Saturday.

All other stops will be brief ten minute audiences with inhabitants of towns and country districts who can get to the railway stations to see the special streak through or slow down to a four mile speed if the engineer sees a waiting crowd. He pushes a buzzer which notifies the king in the last car that loyal subjects want to see him.

**Reports Tools Stolen**

M. Austin, residing one and a half miles east of Anderson school, south of Sedalia, reported to the police this morning some tools valued at about \$30 had been stolen from his front porch.

**Moves To West Sixth Street**

Mrs. Grace Young, librarian, has moved from 610 South Kentucky avenue, to 502 West Sixth street.

**Governor's Girl Watches Horses**

**Death Near For Three In Blast At A School**  
(Continued From Page One)

ment, muttered before lapsing into unconsciousness: "The whole basement must have been filled with gas."

As the blast ripped the building apart, the sides of the structure crumpled. Some children literally were blown to the ground. The little tenants of the 1-B room, on the first floor, plunged into the basement amid a litter of desks, timbers and plaster.

Second story floors slanted as on hinges, hurling children and equipment downward. Many youngsters were buried under debris.

Miss Miller was injured when struck by a falling piano. She was rescued by John Ruhlen, a carpenter at work on the nearby grade school which is being rebuilt.

"I heard the explosion and the screaming," Ruhlen said. "As I ran to the building the sides fell out and part of the roof came down. Many children not buried under debris were blown out of the house."

A small fire broke out in the basement, but was quickly put out by firemen.

She succeeded her sister Mrs. Frances Ryan when she entered a federal reformatory to serve a sentence for vote fraud.

Hall, fourth ward Pendergast leader, has been director of city personnel at \$5,400 a year since 1930.

Bellemere, eighth ward Pendergast lieutenant, was made director of law at \$8,000 a year since last August.

Ryan, Shannon factional political worker and former city boiler inspector, became director of welfare at \$6,000 a year last May.

Kenneth Grimes, a first grade pupil, loitered at a hospital for removal of classmate.

"Gee, I don't know what happened," he said. "I heard a big bang. Then I was on the ground. I beat it right home to mother."

**Deemis Capone Physically Fit**

WASHINGTON, June 1.—(AP)—Attorney General Murphy said Wednesday afternoon at the home of Mrs. Jonnie Long, assisted by Mrs. J. K. Lacey, Jr.

The president, Mrs. Norvel Cook called the meeting to order. The club collect was repeated.

Roll call was answered by each member naming something for which they admired their mother or grandmother.

The project of the meeting was "Understanding and Fitting Patterns for Today's Styles."

It was very ably presented by the leader, Mrs. John Dove. Seventeen members were present and two visitors. The visitors were Mrs. Ernest Cramer and Miss Mary Smith. Mrs. Cramer joined the club.

The meeting closed by repeating the Lord's Prayer. Refreshments were served.

The next meeting will be at the home of Mrs. Walter May, June 28.

**Stark To Address The Legionnaires**

HANNIBAL, Mo., June 1.—(AP)—Several thousand American Legionnaires, including Gov. Lloyd C. Stark and Mayor Bernard F. Dickmann of St. Louis, will come here for an all-day program Saturday to greet National Commander Stephen F. Cradwick.

After a parade and initiation of a class of members in the Mark Twain cove in the afternoon, State Commander Fred R. Bottger of St. Louis and Mayor Dickmann will speak at a banquet.

Commander Chadwick and Governor Stark will address a Legion rally Saturday night.

Several military units from Mexico, Kirksville, Hannibal and other cities will participate in the parade.

**Deny Negro Concertists Use of Auditorium**

NEW ORLEANS, June 1.—(AP)—Negro concert artists were denied use of the Municipal Auditorium in a decision by Civil District Court Judge Hugh C. Cage.

Dismissed mandamus action against the auditorium commission by the Rev. R. W. Coleman, Judge Cage ruled yesterday the commission was empowered by ordinance to decide to whom and for what purpose the building should be leased.

The suit was instituted several weeks ago.

**• Fortuna**

James Griswold is visiting at the home of Mr. and Mrs. Ora Griswold.

Decoration Day will be observed at Newkirk cemetery.

Mrs. Jim Aryes received the 119-piece set of dishes given away at the Dow Drake store. There were other awards presented.

Mrs. Truman Wehmeier of Kansas City, was a guest Sunday of her father, Bill Newkirk.

Mr. and Mrs. Henry Schapper were guests Sunday of Mr. and Mrs. Gilda Moss in Jefferson City.

Mrs. Bert Thixton returned Saturday afternoon from the Van Rensselaer clinic.

Mr. and Mrs. Carl Thixton, Mrs. Mae Warley and Rev. Ralph Emerson Hurd of Sedalia, were guests Sunday of Mr. and Mrs. Frank Marshall.

### Group Insurance To Kroger Employees

Group hospital insurance for employees of the Kroger company will be extended to all branches. William Kolkmeier, president of the Kansas City branch Kroger Employees Mutual Benefit Association, announced at a recent meeting of the local branch KEMBA committee. The arrangement provides for a maximum of twenty-one days in any hospital at \$5 a day, a maximum of \$10 for operating room expenses and a maximum of \$15 for three X-ray pictures while in the hospital.

The privilege of taking out this form of insurance is offered not only to employees, but to their husbands and wives as well.

Spanish Cream  
One tablespoon unflavored and

granulated gelatin, 1 pint milk, 2 egg yolks, ½ cup sugar, grated orange or lemon rind, 2 egg whites, ¼ teaspoon salt, 1 teaspoon vanilla.

Add gelatin to milk then scald milk. Combine unbeaten egg yolks sugar and grated orange or lemon rind. Then add scalded milk, stir constantly and cook in double boiler until mixture clings to side of spoon. Add salt to egg whites. Turn into greased and floured small loaf tin. Bake in moderate

Perfect in FLAVOR 2 lbs. 35c**GREATER Food SAVINGS****Creamed Radishes**

(Serves 4 to 6)

Three cups partially peeled firm radishes, boiling salted water, 1 tablespoon butter, 2 teaspoons flour, 1 cup warm milk, salt to taste.

Select radishes all of the same size. Cut off stems and some of the red skin. Wash carefully, then boil in salted boiling water for 15 minutes. Drain. Heat butter in saucepan, stir in flour, cook 2 minutes, then slowly stir in warm

milk. Continue stirring until sauce thickens slightly. Add drained radishes and heat through. Season with salt.

Both lettuce and watercress can be cooked and served as a vegetable. Shred the lettuce, cook in boiling salted water for 10 minutes. Drain and add to light cream sauce. Season with salt, pepper and a dash of nutmeg.

To cook watercress, clean and drain, then cook in boiling salted water for 10 minutes. Drain and

add to light cream sauce with salt and a few drops of lemon juice.

**Creamed Cucumbers**

(Serves 4 to 6)

Six cucumbers, 1 onion, 2 tablespoons butter, 1 1/4 cups cream sauce, salt, pepper, cayenne.

Peel cucumbers. Chop. Sprinkle with salt. Stand 20 minutes. Chop onion and saute in butter for 5 minutes. Add drained cucumbers. Cook together 10 minutes. Then add cream sauce and season well.

Menu

Breakfast: Stewed prunes with

lemon and orange peel, dry cereal,

Canadian bacon, warmed coffee cake, coffee, milk.

Luncheon: Cream of watercress soup, toasted hard rolls, baked apples, oatmeal cookies, tea, cake, coffee, milk.

Dinner: Lamb chops, French fried potatoes, creamed radishes, celery hearts, apricot upside-down cake, coffee, milk.

**Citrus—Tomato Cooler**

(Serves 4 to 6)

Two cups tomato juice (fresh or canned), 2 cups grapefruit juice (fresh or canned), unsweetened

ended, juice of 2 fresh limes, and a little fruit syrup if sweetening is preferred. Combine chilled juices and

serve in chilled glasses without ice. This is an unusually good drink and is popular as a cocktail for afternoon parties.

## • The Family Doctor

### Here Are More Questions To Test Your Knowledge of Health

By DR. MORRIS FISHBEIN  
Editor, Journal of the American Medical Association, and of *Hygeia*, the Health Magazine.

Last week there were five questions about health which you tried to answer. For every one that you answer right you give yourself a credit of 20 points. If you are well-informed you can get 100, but if you get 60 you can consider yourself reasonably well-informed. If your mark is less than 60 you really ought to try to learn more about your body and its care.

Here are five more questions on which to test yourself:

1. The air we breathe is important to health because: (a) it contains oxygen; (b) it is full of iron; (c) it dilates our pores; (d) it cools us off; (e) it kills germs.

2. If you get a cinder in your eye you should: (a) rub it with a gold ring; (b) press your upper lip with your finger; (c) rub the other eye; (d) wash it with boric acid; (e) ask a friend to scrape it out with a knife blade.

3. The way to get a good doctor is: (a) join a lodge; (b) ask your neighbor; (c) call the health department; (d) ask the medical society; (e) pick the one on the corner with the big electric sign.

4. People should take plenty of exercise because: (a) big muscles are healthy; (b) exercise makes you live longer; (c) exercise makes you eat more; (d) exercise makes you feel better; (e) exercise raises your blood pressure.

5. People have goiters or swellings in the neck because: (a) they eat too much salt; (b) their mothers saw giraffes at the circus; (c) they wear too tight collars; (d) they live in North Carolina; (e) they get no iodine in their food.

### Answers:

1. Oxygen is the vital element in air. The blood takes it up and carries it to the tissues that require it.

2. To remove a cinder first try dropping a little boric acid solution in the eye, or if this is not available, clean water. If the result is not satisfactory have the cinder removed by someone who has had experience and who will wash his hands thoroughly with soap and water before trying. A soft wisp of cotton or the edge of an absolutely clean handkerchief should be employed. If you must rub something, rub the other eye.

3. More than 113,000 doctors now belong to the medical societies. If you do not have a family doctor in whom you have confidence, ask the secretary of the medical society in your town or county to recommend one to you.

4. Exercise stimulates the circulation of the blood and the action of the tissues and makes you feel better. Big muscles are not an asset for health.

5. Simple goiters are usually due to lack of sufficient iodine in the diet of the growing child. The use of iodized salt on the

## • Raising a Family

### Remember Yourself at 15, And Be Patient With Your Newly Romantic Youngster

Every once in a while I, a grandmother, dream of a beau I had at fifteen. I have been married to the grandest man in the world for years and years, yet I still dream of that boy. He has become the family tradition. "Now, mother, if you had only married Jack."

Jack is dead now for twenty years gone. He never even held my hand. But he was my first love.

I am telling you all this, mother, because I thought you might get a new slant on your fifteen-year-

daughter. She is not just a piece of stone. She is not just something to wake up, eat breakfast, and mutter her Latin verbs on her way to school. She is a living, throbbing, vital human being, with most of the capabilities of feeling that a grown woman has.

Most of us were awkward and self-conscious at that age, if you remember. Girls still are. But they are smart enough to cover up now, whereas we didn't know how. But under it all life is opening up, and they are no longer little girls.

I trust these young people more than many mothers do. Given half a chance, they will take pretty good care of themselves.

### Don't Expect Confidence

Parents are afraid of letting young people have too much freedom. And right they are, too, if the restriction does not become a ball and chain to keep them from

any normal experience whatsoever.

I recommend the crowd that goes in for healthy mixing, dances, supervised intelligently, sports, movie parties and so on.

But above all, I think I should scrutinize silently and carefully the doubtful company or the too-daring chum. These children are easily led, being so romantic. So keep them safe. But don't forget that you were fifteen once and that it used to be the marrying age. Try to understand your girl. Don't expect all her confidence. But if you try to see her as she is, some of it will be shyly offered, at least. Then keep her trust.

In parts of Europe, the St. John's Wort plant was believed to have the power of averting destruction by lightning.

## Cranium Crackers

### Word Twists

Can you figure out what this trick in words is all about?

Subtract a rock from a flint and you have a combustion. Now if you add an insect you have an incendiary, but if you add a limb, you have a weapon.

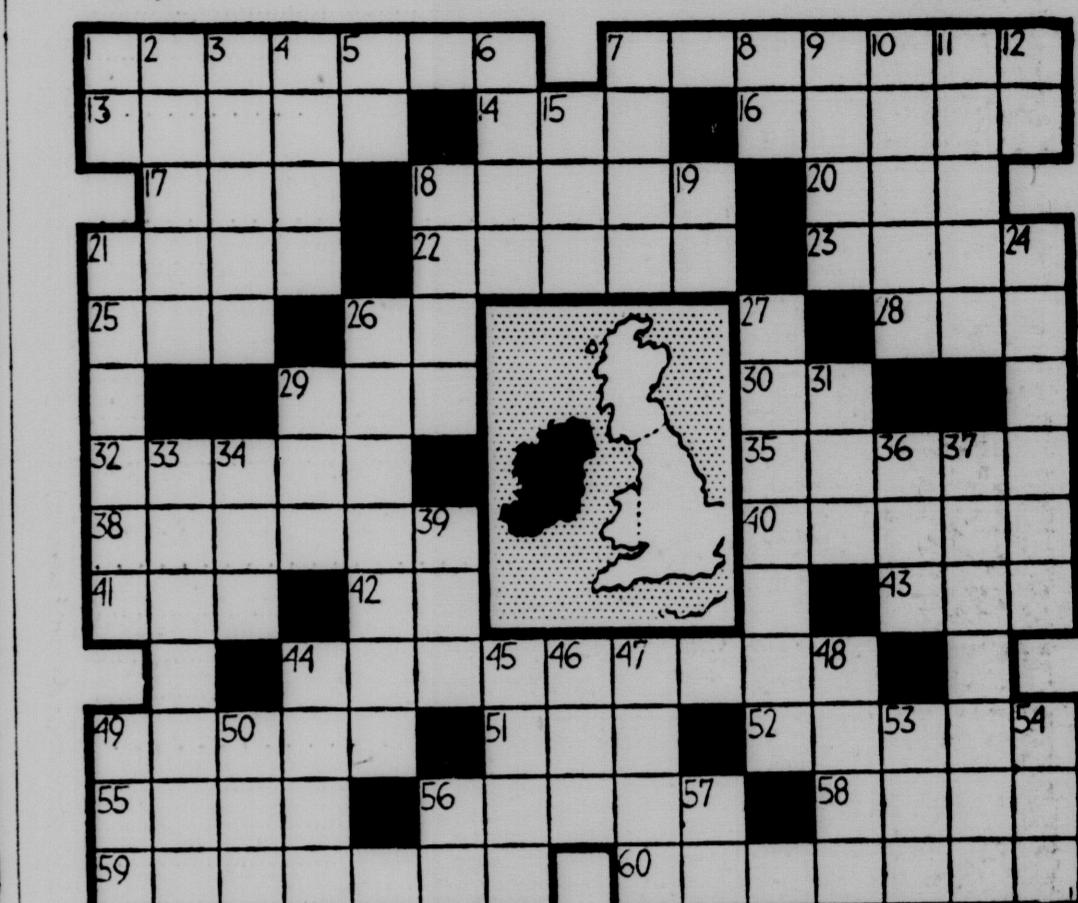

### Answer on Classified Page

Dr. Erik Ljunger, Swedish geologist, is of the opinion that South America once was buried under an ice cap.

### New Truck And Bus Fees Considered

**Highway Department  
Seeks More Funds;  
No Gas Tax Hike**

JEFFERSON CITY, June 1.—(P)—The Senate Roads committee apparently discarded gasoline tax hike proposals Wednesday and turned to bus and truck fees for the additional revenue sought by the state highway department.

The committee asked Daniel C. Rogers, assistant counsel of the Public Service Commission, to draft a bill combining the two house-passed Taylor truck bills with another measure introduced by Senator Frank P. Briggs (D), Macon.

The Briggs bill, which has slumbered in the Senate Judiciary committee several months without action, would apply the public service commission's present common carrier fees to contract and private haulers and also bring private trucks under PSC regulation along with the common and contract carriers already regulated by it.

#### \$4,000,000 Per Year

Rogers told the committee today it would produce about \$4,000,000 a year additional revenue unless the committee should add a "reciprocity" provision granting exemption to trucks from states which grant similar exemptions to Missouri haulers. Such a provision, he estimated, would reduce its additional yield to \$3,000,000 annually.

The Taylor bills also would

leave the PSC common carrier fees unchanged, but would levy fees about half that large on all contract carriers and on private haulers above four tons. It also would double the license tag costs for all trucks.

Estimates of the added income

the Taylor bills would yield ranged from \$2,000,000 to \$5,000,000.

Both the Briggs and Taylor proposals drew the fire of private carriers before committees, but Rogers declared the Briggs plan was more practicable, branding the Taylor method of allocating fees to cities as one of its "unworkable" provisions.

**Will Prepare Measure**

Senator Michael Kinney (D), St. Louis, chairman of the Roads committee, said Rogers predicted he could prepare such a measure as the committee requested in a day or two and that the group would meet again as soon as it was ready.

Rogers was given no instructions as to the rates to be designated in the bill, Kinney said, indicating they would be worked out in committee within the outline of Rogers' measure.

Asked whether the "sentiment" of the committee appears to favor some kind of increase in truck rates, Kinney replied "apparently."

No action, he said, was taken on the Searcy three-cent gasoline tax bill favored by the state highway commission, nor on another measure before the committee—one to add 50 men to the state highway patrol. No further consideration of either bill was indicated.

#### Awarded \$30,000 In Damage Suit

ST. LOUIS, June 1.—(P)—Marion F. Stanfield, 56-year-old freight conductor of Chaffee, Mo., was awarded a \$30,000 verdict in a personal injury suit against the trustees of the St. Louis and San Francisco (Frisco) railroad by a federal court jury yesterday.

Stanfield had sought \$60,000 for injuries incurred at Sikeston, Mo., August 3, 1937, when a backing train struck him. He claimed the train backed without proper signals.

#### Sedalia Cemeteries In Fine Condition

The Sedalia cemeteries, Crown Hill, Robert Parkhurst in charge, Calvary, Glenn Kell in charge, and Memorial Park, J. R. Smetana in charge, were never in better condition, grass cut, flowers blooming, and generally better cared for than they were Decoration day, was the opinion of the hundreds who visited the graves of their departed ones on that day.

#### Negro Shot At Sweet Springs Dies

SWEET SPRINGS, Mo., June 1.—(P)—Paul Washington, Lexington, Mo., Negro, shot Monday by Police Chief Al Noel, who said he was trying to arrest, died today in a Marshall, Mo., hospital. Chief Noel said he answered a disturbance call, found Washington and another man fighting. He sought to arrest both, but Washington

was given no instructions as to the rates to be designated in the bill, Kinney said, indicating they would be worked out in committee within the outline of Rogers' measure.

Rogers was given no instructions as to the rates to be designated in the bill, Kinney said, indicating they would be worked out in committee within the outline of Rogers' measure.

Asked whether the "sentiment" of the committee appears to favor some kind of increase in truck rates, Kinney replied "apparently."

No action, he said, was taken on the Searcy three-cent gasoline tax bill favored by the state highway commission, nor on another measure before the committee—one to add 50 men to the state highway patrol. No further consideration of either bill was indicated.

Rogers was given no instructions as to the rates to be designated in the bill, Kinney said, indicating they would be worked out in committee within the outline of Rogers' measure.
